BODY MEASURING GUIDE

To find your perfect fit, first measure yourself close to your body. Check our measuring guide for your body size and pick the garment size closest to your body measurements. Some garments are made to fit more closely than others, so we have included all our garment measurement specifications on the following pages, to help you choose the right size and best fit for you.

It is advisable to use actual body measurements rather than measuring over clothes.

The fit of a garment may vary depending on the cut, style and fabric.
